# Stop the slum!

**...Because that's what this development at High Barnet Tube Station will become if it is allowed to go ahead.**

# WE HAVE TO HALT IT!

Barnet Council is being asked to approve **283 flats in five giant blocks – up to ELEVEN storeys high – on High Barnet station car park**.

This is the **wrong scheme, in the wrong place** – and if we don't stop it, Chipping Barnet will be scarred forever.

**JOIN THE RALLY AGAINST**

## Sunday 7 September, 11:30am

Outside High Barnet Station (lower entrance)

**Other ways you can help:**

**Send your objection:** Barnet Council planning portal (details over)

**Tell your MP & Councillors:** Make sure they know you oppose this scheme

**DEADLINE FOR OBJECTIONS: FRIDAY 19 SEPTEMBER**

# How to object ▶▶▶▶

Contact the council, Quoting application no. 25/2671/FUL

**Online:** Barnet Council planning website
**Email:** planning.consultation@barnet.gov.uk
(cc: sam.gerstein@barnet.gov.uk)
**Post:** Planning Officer (Sam Gerstein), Planning & Building Control, Barnet Council, 2 Bristol Ave, Colindale NW9 4EW

👉 Include:

- Application no. 25/2671/FUL
- Address: High Barnet Underground Station, Station Approach, EN5 5RP
- Your name, address & postcode

· Tiny flats sandwiched between a railway and a main road
· An isolated site with difficulty reaching shops and other facilities
· Noise and air pollution day and night requiring residents to keep windows closed
· Heat gain in summer will require constant use of expensive mechanical ventilation
· The five rectangular blocks will be unattractive, overbearing
· They will be completely out of scale and character with the locality
· The eleven-storey block will rise above the skyline and dominate the area
· No station access improvements to compensate for the loss of parking
· The already congested drop-off area will be overwhelmed
· To discourage commuters streets in Barnet Vale and Underhill will be forced into Controlled Parking Zones
